

Powell Gallery: Submitting to a Themed Exhibition

The Powell Gallery has several themed exhibitions planned for the coming year. Each exhibition will feature **six to eight members**, each presenting a cohesive collection of **four to six prints**.

Collections should reflect the exhibition's theme while expressing the photographer's individual style and perspective. The Gallery Committee will select collections that work well together and offer a variety of approaches to the theme.

We welcome images that make an impact. They do not need to follow competition rules, but **exhibition-quality printing is required**.

Applying to Exhibit Prints

1. **Choose an exhibition.**

Review the themed exhibition schedule on the Powell Gallery homepage of the TCC website.

2. **Submit your proposal at least four weeks before the exhibition opens.**

Email PowellGallery@TorontoCameraClub.com with:

- The exhibition you wish to join.
- A brief description of your collection and its connection to the theme.
- One or two sample images prepared to the club's standard digital image dimensions.
- The proposed number of prints and their sizes.

Each image should stand on its own, while contributing to a collection with a consistent style or approach.

3. **Wait for confirmation before preparing your final prints.**

The Gallery Committee will review proposals and confirm which members will exhibit and how many prints each may provide. If submissions exceed the available space, the committee will select exhibitors with the overall balance and variety of the exhibition in mind.

4. **Send digital copies of your selected images.**

Once your participation is confirmed, email digital copies of all selected images to the Gallery. These will be used to plan the exhibition layout, prepare promotional materials, and create the exhibition's digital slideshow. Also provide a brief description of your work.

5. **Deliver your prints at least one week before opening.**

Bring your prints to a Monday night club meeting no later than one week before the exhibition opens. Follow **Printing for the Powell Gallery** when preparing your work. Matting and framing will begin the following day, and exhibitors are welcome to help mat and hang their prints.

Submitting to the Digital Slideshow

Members who do not print are encouraged to participate in the digital slideshow prepared for each exhibition.

You may submit **one to five images** that fit the exhibition's theme. Prepare them to the club's standard digital submission specifications and email them to PowellGallery@TorontoCameraClub.com, identifying the exhibition they are for.

Digital slideshow submissions are **not judged**.

Promoting the Exhibition

TCC and the Powell Gallery will promote each exhibition to the public. This year, we expect many visitors to be exhibitors' friends and family, so exhibitors are encouraged to share the exhibition through social media and personal invitations. The Gallery will provide digital promotional images for posting and sharing.

All club members, whether exhibiting or not, are encouraged to attend and bring guests to show support to fellow members

An **opening reception will take place on the first Sunday** of each exhibition. Exhibitions typically include two to three Sundays when the Gallery is open to the public. Additional Saturday openings may be scheduled to coincide with public club events. Exhibitors will each share in reception refreshments.
