Assigned Topics Competition Reminder

TCC News

Just a quick reminder that Images for the next **Assigned Topics Competition** are due today before midnight! The topics are *Trees and/or Colours*.

- **Trees:** Photographs that feature one or more trees — whether a solitary trunk or an entire forest — as the main compositional element. The tree(s) may be alive or dead, whole or partial, and can appear in any season or setting. While other subjects may be present, the primary visual or emotional impact should stem from the form, texture, symbolism, or presence of the tree(s) within the frame.
- **Colours:** Photographs that showcase a dynamic interplay of multiple colours — through contrast, harmony, saturation, or unexpected combinations — as the primary source of visual impact. The subject matter can be anything, but the “wow” factor must come from how colours interact within the frame. Images dominated by a single colour or lacking meaningful colour variation do not meet the criteria for this theme.

To submit your images: log into the member’s section of our [website](#), click on Competitions in the submenu and then click on Assigned topics. Your images must be no wider than 1400 pixels horizontally and no larger than 1050 pixels vertically.

We are looking forward to seeing after the holidays!

Our club is closed until January 4.
